

TEKNOBIR INDUSTRIAL

TEKNOBIR INDUSTRIAL CONSULTING ENGINEERING & TRD. LTD.

Heavy Fabrication

TEKNOBIR INDUSTRIAL is your one-stop reliable & experienced source specializing in custom designed heavy fabrication, rolling, structural steelworks, plateworks, ducting & process equipment in terms of both technical and cost effective solutions.

CASTINGS / FOUNDRY PRODUCTS

MATERIAL HANDLING COMPONENTS

VARIOUS MECHANICAL SPARES

DIVERSIFIED FIXING ELEMENTS

HEAVY FABRICATION / ROLLING

REPAIRMENT-HARDFACING PROCESS

Setting-up methodical studies covering whole manufacturing/fabrication procedures as depending on your requirements for check points during all production process which will be based on your ITP (Inspection Test Plan) as including relevant hold & check points.

Executing perpetual rigid quality planning & control processes as based on designated material specifications, alloys & mechanical properties as well as conforming for the compliance of dimensions according to final manufacturing drawings solely and supplying tailored-made products of which are fully matching with your plant's technical needs always.

Carrying out continuous extensive equipment manufacturing phases & inspections in accordance with specific operational characteristic of the each part/component itself.

Supervision of trial assembly processes prior to initiating appropriate seaworthy packing & shipment procedures.

 CASTINGS / FOUNDRY PRODUCTS

 DIVERSIFIED FIXING ELEMENTS

 HEAVY FABRICATION / ROLLING

 REPAIRMENT-HARDFACING PROCESS

“Quality is never not an accident. It is always the result of genuine intention and comprehensive continual effort.”

CNC Sheet Plate Cutting Machine

Hydraulic Sheet Bending Cylinder with pre-bending system

Submerged Arc Welding Machine

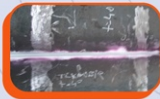

Column-boom Welding Manipulator

CNC Vertical Lathe

Kiln Shells under manufacturing

Penetrant test for welding joints

UT inspection for welding joints

Shipping under tyre shell

Kiln shells ready for shipping

Loading on to low-bed truck

Shell lifting at seaport

CNC Vertical Lathe

Kiln Shells under manufacturing

Penetrant test for welding joints

UT inspection for welding joints
